Block Molding Machine

Available sizes are:

4000 X 1250 X 1000 MM
4000 X 1250 X 500/600 MM
4000 X 1000 X 1000 MM
2000 X 1000 X 500/600 MM
2000 X 1250 X 1000 MM

Customized sizes and specifications are available upon client request

Features

- Automatic filling system powered with special filling gun.
- Indication system to point out the reasons of break down
- Highly efficient vacuum system
- Plc control panel with multi language interface option
- Steam pressure fully controlled by PLC
- Safety valves to control high pressure
- Hydraulic system
- Stainless steel inner shell

In order to ensure quality control EIDCO reserves the right to undertake any necessary changes on the design, fabrics, and manufacturing of all types of its machinery
